Coal Field Rail Road Meeting.

At a meeting of the citizens of High Point, held on the 25th. of January, Sewel Farlow being called to the chair, and the object of the meeting being explained, the following preamble and resolutions were submitted by the committee appointed and adopted:

WHEREAS, by an act of the general assembly of North Carolina, a charter has been granted to extend the Coal Field Rail Road, to some point on the N. C. Railroad.

And Whereas, it is believed said road could be extended to the N. C. R. R, at High Point, over ground as well or better adapted to the building of said road than it could to any other point.

And whereas, by reaching this place it will connect with said road at the point by which the thoroughfare or old dirt road passes over, which the multiplicity of waggons from the valley of the Yadkin, and an extensive back country were accustomed to pass on their way to market at Fayetteville, ever since it was known as Cross Creek Town, and at a point on the N. C. R. R., that is at least ten miles nearer the trade of a greater portion of the mountain country than any other point, and from the geographical position of the country, at and from this point, it is of more easy access to this region of country than any other point, for proof of which we would invite an inspection of the Railroad books, as to the amount of freight received at this point in times past.

And whereas, said freight from said section will for the reasons above set forth always seek its outlet by Railroad, at this point, and whereas it is once treighted on the N. C. Railroad, it gives Fayetteville an unequal chance, as it will be more apt to go to other markets, than to change to the Coal Field Railroad, for the Fayetteville market, should said road connect at any other point.

And whereas, should the road connect at this point, Fayetteville would, through one of her old channels, regain the trade of her former tradesmen.

Therefore, we the citizens of High Point, would most respectfully set forth and show to the stockholders of said road and to the citizens of Fayetteville, that although being desirous for the interest of our Town, that said road should connect at this place, it would not be to our interest alone, but it would give Fayetteville an equal chance to reach the trade of a great section of country that abounds in cereals, tobacco, fruits, minerals, coal and lime, and that although we may appear to be weak in a pecuniary view, to give as much present aid as we would wish. Yet we believe we are as strong as the strongest, in insuring you future aid in the way of freight, which will be of lasting benefit to the stockholders of said road and to the markets of Fayetteville and Wilmington.

Therefore Resolved, by this meeting that we most earnestly call on and invite the stockholders of said road, to give the above facts set forth, a careful and candid consideration, believing thereby that it will dispel from their mind any idea that our move in this matter is for self interest alone, in the fact that it is on the direct line, by way of Salem and Mt. Airy, to connect with the Virginia and Tennessee Railroad. Should that be contemplated and in the meantime, in reaching this point, it opens up to the market of Fayetteville the products of the Valley of the Yadkin, and of that vast region of country between this and the Mountains.

Resolved, That we believe the foregoing objects will be more completely and fully obtained by connecting the road with the N. C. Road at this place, than they will by connecting at an other point, more distant from this great region of country and more difficult of access.

Resolved, That although our town is in its infancy, and its citizens, in common with others were bereft by the late war of their means and property, yet in view of the great benefit, they believe this road will extend to them for recovering their hopes, they will extend what aid their limited means will admit of, to the conveying out of said enterprise.

Resolved, That the Raleigh *Sentinel*, Winston *Sentinel*, Salem paper, and Fayetteville paper, be requested to publish the proceedings of this meeting.

SEWEL FARLOW, *Chm'n.*

ROBT. C. LINDSEY, *Secretary.*

From Nashville the indications are that no election for representatives will be held in time for the fortieth Congress. Governor Brownlow will wait until August before he orders an election, losing, if necessary, all representation in the first session, so that he may take advantage of the colored vote, which, it seems certain will be legalized in Tennessee in the coming spring.

The belief is expressed in official quarters in Washington that Mr. Campbell will soon be able to take up his residence in the Mexican capital as the duly accredited Minister of the United States to that republic.

The author of the letter to Mr. Seward, upon which the latter opened correspondence with Mr. Motley, is a man of wealth, who has been making a tour of pleasure through Europe.—His name will probably be communicated to the Senate in response to Mr. Sumner's resolution.

OBJECTION 1.

I'm too poor: I can't afford it.

ANSWER.

If you are too poor to save less than half a dollar per week, at from 30 to 35 years of age, or proportionately at other ages, and find it so difficult to do so—should you be taken away by death, how bitterly poverty will strike home to your widow and children, or those dependent on you! Is it not worth a struggle to avoid this, and give them at least $1,000 by paying so small a sum? *It costs just $2,00 per month to insure $1,000 at the age of 32 years.*

OBJECTION 2.

I've talked to several of my friends, and they all advise me to have nothing to do with it.

ANSWER.

Will your friends undertake to provide for those you leave behind, in case you do not live long enough to save money? Ask them, and be guided by their answer.

OBJECTION 3.

I can't make up my mind; call again.

ANSWER.

Your other objections have been answered. I appeal to your own common sense to answer this for yourself, aided by

THREE PRACTICAL REFLECTIONS.

First.—Nothing is so uncertain as Life.

Second.—No provision is perfect that is contingent upon the duration of your Life, which is not immediate.

Third.—The only immediate provision is that provided by Life Insurance.

1867. "THE WORLD" 1867.

THE ATTENTION OF THE PUBLIC IS INVITED to the claims of "THE WORLD" as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merit consists in its character as

An enterprising and Trustworthy Newspaper.

The next year bids fair to be a more critical one in the history of our free institutions, than even any of the eventful ones that have preceded it. The first requisite for an intelligent judgment of public affairs is a full and authentic account of facts as they transpire. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interest, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy, and candor, that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments which it cannot refute, it is content to leave to make their full impression. THE WORLD adopts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance.

A PROPOSITION.

IN WHICH YOU ARE INTERESTED.

I PROPOSE for the protection of the citizens of Raleigh and surrounding country, against the imposition of those so-called Cost Stores, to furnish each and every person, the New York Cost of any goods they may want to buy; by this means they can tell whether they are buying goods at Cost or paying a profit on them.

Call before going to any of those Cost Stores so-called, and let me give you a memorandum of Cost prices.

Most of my large stock I will sell at cost but I have goods that I will not sell in that way, and neither will those merchants who make such a flourish about selling at Cost.

No merchant in this place has purchased his Goods any cheaper than I bought mine. Any assertion to the contrary is *false*; and I will guarantee to sell Goods as low as any Cost House. All I ask is an opportunity to prove the truthfulness of this assertion.

AN INVALUABLE DISCOVERY,
BY WHICH
Water can be Turned into Money.

Truly has it been said, "That the riches of this world, lie buried in the bowels of the earth." The precious metals that are daily taken from thence, readily procure all the luxuries and comforts—save, the great boon to the sick, Health—without which, life is a burden, and the millions of the Rothschilds' would fail to secure.

To females suffering from Leucorrhea, (or Whites, as it is commonly called,) I, as a Physician of many years experience, would say, that you need not longer endure a miserable life of pains, aches and general debility, or weakness, the consequence of this deplorable disease.

All Physicians, of modern teaching, will admit the great difficulties in arresting this destroyer of health, for various reasons unnecessary to mention. Patients suffering therefrom will as readily agree, that medicines, however carefully prepared and used fail, in most instances, to afford relief; and in many, from long continuance, produce debility, thereby increasing the malady they were expected to relieve.

Deeming it a great privilege to be a public benefactor, and add to the comforts of the afflicted, by placing before them means of relief, I here give the history of a few cases of great interest that have fallen under my professional care.

Mrs. ———, a lady of the highest standing in the city of Charlotte, N. C., had been an incessant sufferer from Leucorrhea for three years. Her cheeks were blanched, her skin always cold and almost transparent—in fact she seemed not to have a red corpuscle in her body. So weak was she, that it was with great difficulty she could ascend a flight of stairs, without feeling faint and exhausted. Palpitation of the heart, head-ache, and a dizziness in the head, besides excruciating pains in the back, together with a bearing-down sensation in the region of the womb, were constant and alarming. Notwithstanding they were but symptoms of extreme debility, induced or kept up by the never ceasing drain from her system, i. e. this condition, every means at my command was used for her relief. Remedy after remedy was tried. Every means recommended by our modern authors proved worthless in her case. Hearing of the case of a servant, whom I had formerly treated, (belonging to Mr. Cross,) having been very much benefitted by this mineral water, I resolved, (without further inquiry,) as the last resort, to recommend to her its use. Anxious to be restored once more to health, she readily acceded to my proposition, and visited this well daily. Soon improvement was visible, and in the short space of three months her health was entirely restored. A living monument to the great curative virtues of this water.

The next case of great interest is that of the servant woman already spoken of. Seven years previous to the discovery of this well, Mr. Cross engaged my services in the care of this woman. I made most careful examination and searched out all of the particulars of her history. She had suffered for 18 years with Leucorrhea, and being sorely afflicted therefrom, it was universally known in our community, that she was the martyr of the town. I found her with all of the distressing symptoms attending this malady, and could only afford her temporary relief. Time passed on, and still her afflictions did not abate. She abandoned all hope of recovery, and resolved to take no medicines, but to resign herself to the fate which seemed to await her. Her master just then having discovered this well, advised that she should drink freely of the water, as it might be of some benefit to her. Like a drowning man catching at straw, she tried it, and improvement was soon perceptible. Perservance was crowned with success, and this day she is a strong and healthy woman, and can be seen at the residence of her former master, and will take great pleasure in relating, in *detail*, to any visitors, the history of her case.

Many other cases known to us, of equal interest, have been cured, and others are being daily benefitted.

It is to be regretted that the pecuniary embarrassments incident to the late war precludes the idea, of Mr. Cross' fitting up this valuable property, as a resort for invalids. Under these circumstances, the owner (Mr. George Cross, of Charlotte, N. C.,) is willing to dispose of his property at the very reasonable price of $10,000 in U. S. currency, and will communicate with any one either by letter or personally.

The plantation of 100 acres of fine and productive land is situated within one and a half miles of the city of Charlotte, N. C., immediately on the Wilmington, Charlotte and Rutherford Railroad. A fine residence, with modern improvements and conveniences, together with all necessary buildings attached, have just been completed, and to capitalists seeking investments no finer inducements could be offered.

THE SENTINEL.

WM. E. PELL, } Editors.
SEATON GALES. }

Tuesday Evening, Feb. 5, 1867.

The Plan of Adjustment.

We intimated on yesterday, that, in a day or two, the plan, which rumor had for several days affirmed was being concocted in Washington, would no doubt be given to the public.

We have been furnished with a manuscript copy of the proposed plan of settlement, by Hon. Lewis Hanes, of Salisbury, who as a party in the conference, on his own responsibility, furnishes it for publication thus early, believing that no scheme involving such important consequences, should be kept from an interested public.

We have gathered from various sources, a partial history of this scheme. Gov. Orr, of S. C., Ex-Gov. Parsons, of Alabama, Ex-Gov. Marvin, of Florida, Hon. N. Boyden and Hon. Lewis Hanes, of North Carolina, and Judge J. T. Jones, of Arkansas, being in Washington City on other business, after frequent conversations with members of Congress and others, both Democrats and Republicans, conservative and radical, felt that the exigencies of the country, demanded the earnest efforts of every true friend of the South and of the Union. They accordingly determined upon a conference, each acting upon his own personal responsibility, and disclaiming all right to act in a representative capacity. Several conferences were held, and the following programme was agreed upon as the only one they could devise promising to effect the desired end:

PROPOSED AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES.

Article 14.—Section 1. The Union under the Constitution is, and shall be perpetual. No State shall pass any law or ordinance to secede or withdraw from the Union, and any such law or ordinance shall be null and void.

Section 2. The public debt of the United States, authorized by law, shall ever be held sacred and inviolate. But neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the Government or authority of the United States.

Section 3. All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the States in which they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

Section 4. Representatives shall be apportioned among the several States according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But when any State shall, on account of race or color, or previous condition of servitude, exclude from voting at any election for the choice of electors for President and Vice President of the United States, representatives in Congress, members of the Legislature or other officers elective by the people, any of the male inhabitants of such State, being twenty-one years of age and citizens of the United States, then the entire class of persons so excluded from the elective franchise, shall not be counted in the basis of representation. No State shall require as a property qualification for voters more than two hundred and fifty dollars worth of taxable property, nor as an educational qualification, more education than enough to enable the voter to read the Constitution of the United States in the English language and write legibly his own name.

PROPOSED AMENDMENT TO STATE CONSTITUTION.

Article. Every male citizen who has resided in this State for one year and in the county in which he offers to vote six months, immediately preceding the day of election, and who can read the Constitution of the United States in the English language and can write his name, or who may be the owner of two hundred and fifty dollars worth of taxable property, shall be entitled to vote at all elections for Governor of the State, members of the Legislature and all other officers elective by the people of the State: *Provided*, That no person by reason of this article, shall be excluded from voting, who has heretofore exercised the elective franchise under the Constitution and laws of this State, or who, at the time of the adoption of this amendment may be entitled to vote under said Constitution and laws.

They were strongly impressed with the idea, that in the unfortunate conflict which had arisen between President Johnson and the majority in Congress, that neither party could be expected to propose terms of compromise or recede from their positions; and likewise, that the relations of the parties North, forbade a hope of compromise; and that, therefore, the position of the South, between these conflicting interests, was becoming more and more serious and complicated every day. With these convictions, they determined to assume the responsibility of devising a plan, which, although drawn up in the spirit of compromise, might, without any surrender of honor, be adopted by Southern Legislatures as a proposition to Congress.

This plan, we learn, has been submitted to members of Congress, members of the Cabinet and prominent men from the several Northern States. Conservative men of all parties spoke favorably of it, and we are assured that many of the best friends of the South at Washington, urge the propriety of its early approval by the Legislature and our people.

We are not prepared to express an opinion upon so grave a proposition, without due consideration, and we have not had time to weigh it, in all its bearings. It is a matter however, of great magnitude, and should be calmly and seriously pondered. If such a programme were tendered to us by the North as a *finality*,—an end of all further collision between the two sections, objectionable as the verbiage and the principles involved, in some few instances in the scheme, may be to us, such is our anxiety to end the clamor, and so strong is our devotion to a constitutional Union, we should accept it.—Nevertheless, we feel, though the proposition comes from an un-official source and accompanied by no such official assurances of favor in the North as inspires confidence of its acceptance, the scheme should not be hastily disposed of, and especially should not be hastily condemned. With the feelings, purposes and anxieties of the parties proposing this scheme, we entirely sympathise, because we are sure they are honest men and true friends of the South, however much we may have differed with them on some points during the unfortunate contest.

The Agricultural Scrip.

By some unaccountable oversight, the report in the *Sentinel* of the proceedings of the House on the special order on yesterday, was imperfect, omitting entirely the reasons for the opposition of Mr. Foard, Mr. Everitt and others, to the bill appropriating the fund to the University. Our reporter gave a pretty full report of the positions of the friends of the University, but gave nothing scarcely of the positions of those who favored other propositions. We judge that that portion of the reporter's manuscript which contained the report of Mr. Foard's and Mr. Everitt's position, was lost or misplaced. The following report made by the same hand for the *Progress*, will correct the omission in the *Sentinel's* report of yesterday. After Mr. Davis' remarks on the substitute of Mr. McKay, the reader will please supply the following ellipsis:

"Mr. Everett opposed both the bill and the substitute. He favored a division of the scrip or its proceeds among a number of colleges in the State.

Mr. Long urged the passage of the original bill.

Mr. McKay withdrew the substitute.

Mr. Foard offered a substitute for the bill, authorizing the Governor, Secretary of State, and Public Treasurer to dispose of the land scrip donated by Congress. [Empowers the officers designated, to invite, receive and decide upon proposals from various colleges in the State that may desire this fund.]

Mr. Foard addressed the House in support of the substitute, and adverted to the memorial from the President of Olin college in the premises, offering to educate gratuitously two students from each county of the State.

He opposed the original bill and dwelt at some length upon the crippled financial condition of the University, as a reason why the land scrip should not be given to the trustees of that institution."

Our report also failed to state that Mr. Logan was the mover of the resolution requiring the University to comply strictly with the act of Congress.

Mr. Hodnett's position also was not properly stated: He was opposed to the original bill; he also opposed Mr. Moore's amendment, diverting the escheats from the University, to other colleges; but he favored the amendment giving to each county the privilege of sending one student to the University, free of tuition and room rent, and he also voted for Mr. Logan's amendment.

Consolidation.

There is a bill before the Legislature proposing to consolidate the Atlantic & N. C. R. R., the N. C. R. R. and the Western N. C. R. R., making a continuous line from Morehead City to the Tennessee line. If the stockholders of the three Roads can effect it, and are all anxious that it should be done, we can see no good reason why the Legislature should not consent to it. But it is manifest that this arrangement should not be so hampered, as not to give to the farmers of the State, the full choice of markets. We are glad to learn that arrangements have been entered into by which a loaded car starting from Charlotte, will go through to Newbern or Norfolk without breaking bulk. We hope the same arrangement is made in regard to Wilmington. At Newbern every facility has been provided for prompt dispatch of produce or goods. Our North Carolina merchants must not fail to afford every facility to the farmers.

Direct Trade.

We have regarded the proposition to inaugurate a direct trade with Europe, from Wilmington, Morehead City and Norfolk, with great interest. And we observe that those who have undertaken it in Wilmington and Norfolk, have the true spirit of perseverance. We hope they will meet with deserved success. Our cotton, naval stores, best lumber, staves for wine casks &c., and our tobacco and medical plants, and perhaps dried fruit, may be shipped directly and with advantage. To make it profitable and certain, our merchants must become importers. We hope to see the whole scheme inaugurated on a firm basis.

FROM WASHINGTON.

Mr. Saulsbury to Resign---Gen. Sherman---The Seward-Motley Affair---Impeachment. Etc.

WASHINGTON, Feb. 1.

It is reported that Senator Saulsbury, of Delaware, has determined to resign his position in the Senate.

Gen. Sherman has telegraphed that he will be here on Thursday or Friday of next week.

The author of the letter to Mr. Seward upon which the latter opened correspondence with Mr. Motley, is a man of wealth, who has been making a tour of pleasure through Europe. His name will probably be communicated to the Senate in response to Mr. Sumner's resolution.

It is reported to-night upon good authority, that the judiciary committee of the House, have become satisfied that the testimony already adduced, including that of Gen. Butler, is sufficient to warrant articles of impeachment against the President. This conclusion is based upon the evidence produced by Radicals only. There has been no testimony yet heard on behalf of the President, and when this is offered, it may entirely change the minds of the members of the committee.

DATA.

NORTH CAROLINA LEGISLATURE.

SENATE.

TUESDAY Morning, Feb. 5.

The Senate was called to order at 10½ o'clock A. M.

Prayer by the Rev. Mr. Atkinson of the Presbyterian Church.

Mr. Richardson presented a memorial from the citizens of Moore county, the proceedings of a public meeting held in that county, praying that the General Assembly will pass some bill, for the protection of the debtor and to protect property sold under execution. Referred to the committee on the Judiciary.

Mr. Bullock presented an additional name for the appointment of Justice of the Peace for Granville county, concurred in.

REPORTS OF COMMITTEES.

Mr. Cunningham, from the committee on Propositions and Grievances, to whom was referred a memorial relative to immigration, reported, that they had maturely considered the subject and that it was one of importance but that if private capital could not accomplish the purposes contemplated, they believe the financial condition of the State will not justify any expenditure of public funds to secure it. They, therefore, adhere to a former report on the same subject, and ask to be discharge from its further consideration.

Mr. Moore, from the Committee on the Judiciary, to whom was referred a bill to amend and re-enact an act, to change the jurisdiction of the Courts and the rules of pleading therein, reported that having considered the subject in a former bill, ask to be discharged from its further consideration.

Mr. McCorkle, from the Committee on the Judiciary, to whom was referred a bill to prevent unnecessary costs on official bonds, considered the same and recommended that it do not pass.

Mr. Speed, from the Committee on Insane Asylum, who was instructed to report on all out-standing claims, held that the claims were just and should be paid, and recommended the passage of a resolution making an appropriation to pay the same.

RESOLUTIONS AND BILLS.

Mr. Gash, a resolution relative to holding evening session from and after to-day.

On motion of Mr. Wiggins, it was laid on the table.

Mr. Speed, a resolution in favor of W. Gordon. On motion of Mr. Willey, the rules were suspended and the resolution passed its several readings.

Mr. Kelley, a bill to amend the charter of the Wilmington Railway Bridge Company, referred to the committee on Propositions and Grievances.

Mr. McLean, a bill to set apart and perpetuate McIntire cemetery in the county of Cumberland.

By the same, from the committee on Finance, a bill to authorize the issue of new bonds in place of bonds issued by the State for the benefit of the Wilmington, Charlotte and Rutherford Railroad in 1862.

Mr. Cowles, a bill authorizing the President of the Western Railroad Company to borrow money on the faith and credit of the State, referred to the committee on Internal Improvements.

Mr. Avery, a bill to incorporate the Northwestern Railroad Company. On his motion it was referred to the committee on Internal Improvements, and on motion of Mr. Harris, of Rutherford, it was ordered to be printed.

A message was received from the House transmitting a communication from the Governor, enclosing a correspondence from the board of Education and Literary fund, with a proposition to print the same and refer to the committee on Education, concurred in.

A message was received from the House transmitting a message from the Governor covering a report from the Attorney General relating to the Cape Fear Navigation Company, proposing to refer the same to a joint select committee; concurred in, and the Speaker designated Messrs. Hall, Williams and Lloyd as the Senate branch of the committee.

STAY LAW.

Bill to change the jurisdiction of the Courts and the rules of pleading therein, having been made the special order for 12 o'clock, was taken up and read by sections, sundry amendments were adopted, and Mr. Moore offered a substitute for the whole and urged its adoption. Mr. Leach favored the original bill, and at the close of his remarks, moved that all the bills on this subject be recommitted to the joint select committee on the judicial system. Mr. McLean thought the idea a good one, but feared action on this subject would be delayed too long if the reference is made. Mr. Covington favored the substitute offered by Mr. Moore, and preferred immediate action. Mr. Avery proposed to amend the motion to refer, by limiting the committee, at farthest, to report by Friday next, and the motion to recommit was withdrawn. Mr. Wiggins thought it proper to refer the bill, and Mr. Jones renewed the motion to refer. The question on its recommittal recurring, the ayes and nays were called, and the motion to recommit was carried, by a vote of 25 to 15.

UNFINISHED BUSINESS.

Bill to protect Landlords against insolvent tenants, was taken up, the question being put on the adoption of the substitute for the original bill, pending its discussion, on motion of Mr. Avery, the Senate adjourned.

By Mr. Boyd, a resolution in favor of William Patterson, late sheriff of Alamance county.

Sec. 14 of class 3 schedule A, was amended on motion of Mr. Harding, by providing, in addition to the tax on pistols, dirks &c, that on failure to pay said tax, the weapon shall be forfeited, and sold by the Sheriff, the proceed's of sale to be appropriated to the county fund.

Section 14 of schedule B, was amended on motion of Mr. Durham, by striking out the tax of ten cents per gallon on brandy distilled from fruit).

Mr. Perry of Wake moved to strike out the whole of section 14, which taxes distillers. Not agreed to.

Pending further consideration of the Revenue bill the House adjourned.

[The Reporter regrets the occurrence of a material omission in the proceedings of yesterday, by which unintentional injustice was done Messrs. Foard, Everett and others, who opposed the bill transferring the Land Scrip to the University.

(That portion of the report which was omitted, was by mistake left in the Reporter's portfolio, and it was not discovered until this morning.)

[The report of the Attorney General read in the House on yesterday, was relative to an investigation of the affairs of "the Cape Fear Navigation Company," instead of "the Cape Fear and Deep River Navigation Company," as erroneously stated. The report was highly favorable to the company.]

The Fall Session of this Institution closed 23rd. day of December. The spring Session opened the 1st. Wednesday in January, and will continue 20 weeks.

The success of this school has been without a parallel. A new building has just been completed, by which a large additional number can be accommodated. We are determined to make our pupils as comfortable as they can be made anywhere, and to afford them all the advantage for a thorough and extensive education, that can be found at any First class Female College, North or South.

The location is a most delightful one. The Mineral Water is too well known to the whole country to need a remark. Even invalid young ladies may secure a thorough education, and at the same time the restoration of their health. Reference is made to every intelligent Physician in the State, as well as to the hundreds who have found relief here.

The young ladies all worship in the College Chapel, and hence no extra clothing is required. *In the single item of dress parents can save 25 per cent. of the entire expense incurred by sending to Boarding Schools located in cities or villages.* This Institution is certainly one of the cheapest and most easy of access in the Southern states. Besides, it offers the most superior advantages in every respect.

A FEW WORDS TO MY FRIENDS AND CUSTOMERS.

I advertised in the early part of the season that I would sell goods as cheap, as Yankee, Jew or Gentile Cost Houses not excepted—as cheap as he who had paid for his goods, or ever intended to pay for them. And I here take the privilege to say, that I think my customers will bear me out when I say, I have done so in almost every instance.

I told the people to "come to Creech's," to buy their goods—they have come, and they are still coming—and I think they will pardon me when I say they have shown their good judgment.

I now tell them to "come to Creech's" to buy their goods.

I don't advertise my goods at New York Cost—I intend to represent my goods to you in a fair and equitable way, and sell them fully as cheap as any so called Cost House. And I here say to the so-called cost gentlemen, if they paid what they charge their customers for goods, I advise them to go back to the License man and surrender their license. Go back to your Land-lords and ask them to take back your houses,—and proclaim to the world that you have missed your calling, and are not fit for merchants.

I compromised my debts that I owed North before the war, by paying them at one hundred cents in the dollar.

Let them start their opposition—let them all talk. But "come to Creech's," to buy your goods. You will find me at R. Smith's corner, ready and willing at all times to serve you right.

In Memoriam.

The Grand Lodge of North Carolina, F. A. M., met in Masonic Hall, Raleigh, Feb. 2, 1867.

PRESENT:

R. W. Bro. Robert W. Best, Deputy Grand Master, as M. W. Grand Master.
M. W. Bro. Wm. G. Hill, P. G. Master, as Deputy Grand Master.
R. W. Bro. R. K. Speed, Junior Grand Warden, as Senior Grand Warden.
R. W. Bro. John Nichols, Past Junior Grand Warden.
R. W. Bro. C. W. D. Hutchings, Grand Treasurer.
W. Bro. John B. Neathery, as Grand Secretary.
W. Bro. A. Kline, as Senior Grand Deacon.
W. Bro. J. H. Separks, as Junior Grand Deacon.
W. Bro. F. G. Foster, Grand Marshal.
W. Bro. W. J. Palmer, as Grand Sword Bearer.
W. Bro. W. J. Hicks, as Grand Pursuivant.
W. Bro. J. E. Matthews, } Grand Stewards.
W. Bro. S. E. Linton, }
W. Bro. J. M. Betts, Grand Tyler.

There were present also a large number of Masters, Wardens and brethren from various Lodges under this jurisdiction, and many visitors.

The Grand Lodge was opened in due form.

Prayer by R. W. Bro. R. W. Best.

The M. W. Grand Master made the following announcement:

BRETHREN:—A special session of the Grand Lodge of North Carolina, has been called for the purpose of performing the last sad rites of Masonic burial over the body of our deceased, R. W. Grand Secretary W. T. BAIN, who departed this life on the 1st instant, at 3 o'clock, A. M., in the 74th year of his age.

It is seldom that Grand Lodges are called upon to pay the last tribute of respect to their Grand Officers, and I presume that no Grand Lodge in this or any other State, has ever been called upon to accompany to their final resting place the remains of one, who was more beloved and respected than him whose remains we are now about to convey to the grave.

Brother Bain was not only known in this Masonic jurisdiction, but had a national reputation, and was, perhaps, more universally respected and beloved than any other Grand Secretary in this country.

But he rests from his labors—where

A jewel 'waits him, a white stone,
Where his name in colors bright,
Gleams in lines of liquid light;
There the Royal Master waits
To clothe in robes of princely state,
To honor him with angels sight
And crown him with a crown of life.

Nothing, therefore, remains, but

"The last act to do—the evergreen and sod,
Leave his clay in the earth—his spirit with God."

The Grand Marshal announced the following appointments:

Brother John R. Harrison, Bearer of the Great Light.

Brothers W. D. Williams, P. M.; E. Smith, W. E. Lee, J. W. Beasley, J. H. Moore, P. J. G. W., S. D. Umsted, D. W. Allen and J. J. Christophers, Pall Bearers.

The Lodge service was performed in due form, after which the Grand Lodge proceeded to the late residence of the deceased, and took charge of the body, thence to the Methodist Episcopal Church, where the burial service was performed by Rev. H. T. Hudson. From the Church the procession proceeded to the City Cemetery, where the body was deposited in the grave in accordance with the ancient rites of the fraternity, R. W. Bro. Robert W. Best, officiating.

The Grand Lodge then returned to the Hall, the officers in their several stations and places, when R. W. Bro. R. K. Speed, in a brief but touching address, paid a glowing tribute to the memory of the deceased.

Bro. J. B. Neathery offered the following which was unanimously adopted:

The Grand Lodge of North Carolina, has heard with the deepest sensibility, the announcement of the death of our venerable Brother, William Thomas Bain, honored and beloved by all for his unswerving attachment to the principles of our ancient and honorable order; the uprightness, integrity and piety that has characterized his long and useful life, and the arder, zeal and faithfulness with which for more than a quarter of a century, he has discharged the duties of Grand Secretary of this Grand Lodge.

With a character in all the relations of life worthy of our remembrance and emulation, he has gone down cloudless in the west, full of years and full of honors, leaving behind him an influence for good, which will long survive him.

The Grand Master is requested to appoint some brother to deliver an address on the life and character of Brother Bain, before the Grand Lodge in December next.

That the Grand Lodge Room be draped in mourning, until the close of our next annual convocation, and that the Grand Officers and brethren throughout this jurisdiction, wear the usual badge of mourning for thirty days after receiving this notice from the Grand Secretary pro. tem.

On motion of M. W. Bro. W. G. Hill the proceedings of this day, were ordered to be printed with the proceedings of the Grand Lodge for 1866.

On motion of R. W. Bro. C. W. D. Hutchings, these proceedings were ordered to be furnished the city papers for publication.

The Grand Lodge was then closed in due form.

Attest,
J. B. NEATHERY,
Grand Secretary, Pro Tem.

Young Men's Christian Association.

At the regular meeting of the Association, held last evening, the Relief Committee reported that they had issued for the relief of the poor of the city, four hundred and fifty dollars, in wood and provisions, besides some shoes.—They had also, through the proffered kindness of the officers of the Bureau, been permitted to draw ten days rations for more than sixty families. The Association would thus publicly express their sincere thanks to the citizens and Federal officers, who so promptly responded to their call for assistance, thus enabling them to render this timely assistance to so many of the suffering poor, many of whom, we have every reason to believe, must have starved or been frozen to death during this unprecedented severe winter. We are happy to have it in our power to say, that not one worthy applicant has been rejected.

From the report of our Treasurer, we learn that the funds of the Association are being daily diminished, and we respectfully ask those of our citizens who have not yet helped us, to call and leave their contributions with our Collectors, Messrs. Anderson, Pescud, Crowder and Hardie.

BY ORDER.

GRAND LODGE.—We learn that the Grand Master of the Grand Lodge has appointed Mr. D. W. Bain, Grand Secretary, to fill the vacancy occasioned by the death of his father, Mr. W. T. Bain.

SUDDEN DEATH.—On yesterday, while Mr. Lambert Pool was coming to the city on his waggon loaded with wood, he was suddenly attacked and died on his waggon. Mr. W. R. Crawford, Coroner, summoned a jury of inquest, who after examination, rendered a verdict that Mr. P. came to his death by apoplexy.

COL. TEW.—The rumor that Col. Tew is alive, and is a prisoner for life under an assumed name at Dry Tortugas, to our mind is so unlikely, we have intentionally failed to notice it, heretofore. It has, however, assumed sufficient importance, to induce an official inquiry into the case.

Moorish Legend.

[SEQUEL.]

MESSRS. EDITORS.—As considerable interest has been felt and expressed in the fate of the heroes of the Legend of Andalusia, which lately appeared in your paper, I have caused diligent inquiries to be made at the Escurial and other places of deposit, for historical documents touching the Spanish Moriscan dynasty. I regret to state that my efforts to rescue the ostrich and Zara Ben Jeames from the embarrassing quandary in which they were left by the Legend have not been crowned with complete success. A voluminous history was written of their wonderful sayings and doings. But Time, the destroyer—old *"edax rerum"*—has been gnawing away, and his relentless tooth has left nothing of this precious volume, save one short extract, which was evidently prepared for the use of schools, by the Bureau of Instruction for young Arabs, which had the special charge of the morals and manners of the colored population that dotted and darkened the plains of fair Andalusia.

It is a striking coincidence, that in these seminaries of learning, are taught some of the very classical songs, that are warbled with so much gusto, in similar institutions of our own thrice happy land. The Moriscan schools have a very pathetic lamentation over the fate of some unhappy sufferer, who was left dangling at the end of a rope from the limb "of a sour apple tree." And so, in fact, is characterized the very identical tree, on which our Moorish Legend left the terrified Zara Ben Jeames.

The young Arabs also sing in concert the triumphant halelujah anthem, of "ole John Brown" fighting his way up to Heaven, which happy location, however, they call Paradise.—With true Mohammedan voluptuousness, this song of triumph, represents ole John at his last quarter stretch, as opening his bewildered eyes on four and twenty Houries, black but comely, who had come out to meet him, and to conduct his brave old soul to the upper apartments, consecrated to whoever have achieved distinguished honors below, and who incontinently fell on the neck of the tall, gaunt and grim old warrior, and smothered him with welcoming osculations. The song represents the lean and plucky old Puritan, as struggling manfully and heroically against these vain and profane oblations. He invoked the name of Mrs. Brown, and divers saintly personages for aid, and was beginning to ejaculate something about being not led into temptation, but delivered from evil, when the door was closed with a crash behind him, and the modest old hero was whisked away, *nolens volens*, into the most gorgeous saloon in the Mohammedan Heaven. And when the stern and solemn old fighter was last heard from, he was vigorously dancing a Virginia break-down, to the infinite delight of the laughing Houries. He assured his uproarious applauders, that he learned this *pas seul* in New England, but had practiced it last at Harper's Ferry. All this may be, and probably is, apocryphal. But of such is the poetry of the Moors.

Be it known, *en passant*, that *our* Bureau schools of instruction, though they teach substantially the same wild songs, eschew ostentation with holy horror. Kissing is neither practiced nor permitted there. Such like vain amusements may be pardoned perhaps in young Arabs, who know no better. Our young Africans are of a nobler race, and are strictly enjoined, by precept and example, to be specially circumspect in these very delicate matters.

But your readers are kept too long from the *history* of the ostrich, and of Zara Ben Jeames, and of the valiant young huntsman.

THE LAST THREE CHAPTERS.

CHAP. XIV.

The ostrich hideth his silly head in the sand to this day. He still thinketh that no one seeth him. His aspect is by no means becoming. He hath lost many feathers, plucked by a *Rebelion*.

CHAP. XV.

Zara Ben Jeames abideth yet in the sour apple tree. He maketh entomological observations. He also maketh verses. He sonoriously chanteth a song, "De minimus," &c., by moonlight; and, ever and anon, when the stars be bright, he lifteth up his voice in the tree top, and singeth "The Southern Cross."

CHAP. XVI.

Zebulon smileth, and goeth his own way rejoicing.

FERTILIZERS FOR SPRING CROPS.

WE beg to inform the trade and planters of North Carolina and Virginia, that we are prepared to furnish them with the most approved FERTILIZERS, on the most accommodating terms. We will have a stock of genuine PERUVIAN GUANO, purchased direct from the Agent of the Peruvian Government.

We have now in store, for immediate delivery, 325 tons BRADLEY'S SUPER PHOSPHATE OF LIME, which won for itself such an enviable reputation in the Cotton and Tobacco counties of North Carolina and Virginia, last season, proving itself equal, and in many important respects, superior to the Peruvian Guano. We give an analysis of it as ascertained by Dr. Hayes, one of the most eminent Chemists in the country:

Results of Analyses Made of Bradley's Patent Super-Phosphate of Lime, as now sold by Wm. L. Bradley.

100 PARTS CONSIST OF
Moisture 5.30
Prepared animal matter, salts of Ammonia, fatty substances and Humus . . . 36.50
Bone Phosphates of Lime, Magnesia and Iron 36.80
(Soluble Phosphates of do. 16 6-10.)
Sulphate of Lime 16.50
Salts 20
Insoluble 2.80
99.90

The animal matter afforded 4 2-10 parts of Ammonia when it was decomposed, and, as will be seen, nearly one-half of the Bone Phosphate is soluble.

After many analyses of your Super-Phosphate of Lime, made during the last few months, I have found your standard of quality full equal to that of any you have ever sold in former years; and I am satisfied that you include the correct principles in the manufacture. Respectfully,

A. A. HAYES, M. D., State Assayer.

Manufactured under the Original patent dated in 1854 and patented by

BAUGH & SONS,

SOLE PROPRIETORS, AT THE
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

This old established MANURE is manufactured from Bones that have not been burned or steamed, and it contains all their original organic matter. It is active in its operation, and is a fertilizer of great durability. It does not exhaust the soil like Peruvian Guano but on the contrary permanently improves it. Previous to 1861 it was introduced into the Southern States to considerable extent, and again in 1865, where it has been used with remarkable success upon

Cotton, Corn, Tobacco, and all Crops.

A trial will convince any planter of its merits.—Pamphlets containing well-known Southern evidence furnished upon application to New York or Philadelphia offices.

LIFE INSURANCE.

MANY insure their lives because they see the folly of neglecting to do so. Many who do not insure say that it is folly to insure. Which is right? If those who do not insure can cite instances of the harm done by a policy of life Insurance, if they can point out men who have lost $5,000 to $100,000 by Life Insurance, then upon proof of same, we must believe them. Hundreds of instances can readily be shown where parties have been benefitted to this extent.—In North Carolina there are some Widows and Children ready to testify to the good resulting from a life Insurance on their only earthly dependence.

The "Ætna Life Co., in loosing $23,000 the past year has received want—and now with over $4,000,000 of assets—offers sure protection to all those who will avail themselves of her liberal terms, by calling on

GEN. N. B. PEARCE, Pres't.

Having been appointed agent for the above Company, I respectfully call the attention of the citizens of this section of North Carolina, to the fact that this is a Southern Company with an authorized Capital of $500,000. It's business is ably conducted, by influential, reliable and wealthy citizens of Tennessee.

It has the finest references, and has always been exceedingly prompt in its payments, as can be shown by its records, being sustained by wealthy gentlemen.

It takes both Life and Fire risks on terms as low as any Eastern Company.

This Company is just being introduced into its sister State and I hope it will be well patronized.

Let us support and encourage each other and keep all our money at home.

No one is obliged now to go North to get himself or his property insured, as he can be accommodated here by a company of greatest reliability.

GEN. R. E. COLSTON,

a graduate, and for fifteen years, (up to the commencement of the war) a

Professor of the Virginia
MILITARY INSTITUTE,

and a colleague of

STONEWALL JACKSON.

The course of the Institution is that of the Virginia Military Institute, and is such as to make the Academy a great

POLYTECHNIC SCHOOL.

A school of theoretical and applied science, in which Languages and Literature also receive a due share of attention. The discipline and instructions are on a

Complete Military Basis.

The Faculty is for the present organized as follows:

Superintendent and Professor of Military History, Strategy and Political Economy, and instructor of Infantry and Cavalry tactics, GEN. R. E. COLSTON, late Professor of French, and of Military History, Strategy and Political Economy at the Virginia Military Institute, and late Brig. General C. S. A.

Until the appointment of additional Professors, Gen. Colston takes charge of the Department of French and English studies and Belles Lettres.

Professor of Natural and Experimental Philosophy, Ordnance, Gunnery and instructor of Artillery tactics, Major D. TRUEHEART, Graduate of the Virginia Military Institute in 1856—afterwards Assistant Professor of the Va. Military Institute—attached to the United States Coast survey—late Major and Chief of Artillery in the C. S. Army.

Professor of Mathematics, Civil and Military Engineering, Architecture, Topographical and Industrial Drawing, and Assistant Instructor of Infantry tactics, Maj. W. A. OBENCHAIN, "first distinguished Graduate," of his Class in the Virginia Military Institute, and for efficient and meritorious services during the war, promoted Captain of Engineers in the late C. S. Army.

Professor of Chemistry, Agricultural Chemistry, Geology and Mineralogy, Col. LEWELLYN HOXTON, "Distinguished graduate" of West Point Military Academy, and late Chief of Artillery to Hardee's Corps.

Professor of Latin, French, Ethics and Belles Lettres, to be appointed shortly.

Surgeons Drs. E. & W. S. STRUDWICK.

New appointments will be made, and the Chairs now filled will be subdivided as soon as the number of Cadets makes it desirable.

Applicants for Professorships must be gentlemen of Scientific and Military education, who have served in the field.

Candidates for admission as Cadets are advised to come without delay. Until the 1st. of February next, all those Cadets present at the Academy, will be pushed forward in their studies irrespective of classes, so as to enable them, at that time, to enter the most advanced classes for which they may be found qualified.

By coming at once they may gain an entire year in the term of their education.
